Proposed SOA Logo

In the last Newsletter (Issue 3) the proposed new Rules were distributed for your reference and feedback (through your respective Branch Councillors). Another goal for the Executive in 2008 is to tighten up the administration of our union.

Complementing the new rules is a proposed new logo. The draft concepts have been developed by the State Treasurer and are attached for your reference and feedback. The title of the union on these draft logos reflects the title in the proposed new rules. The goal is to have a logo that we can insert on official documentation, including our new Rules (subject to these being progressed through due process), stationery and our yet-to-be-developed web site. We are seeking to have two logos, one being a colour version and a black-and-white version.

black and white

The Executive has perused these, supports them and believe they represent the ideals for which our union stands for. Please peruse and provide any feedback to your Branch Councillor by COB Friday 29 February 2008.
